Dear Dan:

SAN ANTONIO'S
CHARLOTTE, NC

We enjoyed working with you and your staff and greatly appreciated the effort and patients you extended to CentraArchy Restaurant Group. Although we felt we were unique in having full time personnel overseeing telecom, waste removal, armored car service, utilities, cable/satellite television, and security, your staff was able to locate significant savings and refunds with your inside industry knowledge.

SIB's staff was very patient and worked closely with us to insure an efficient audit was executed at our 20 restaurant locations and corporate office. With an extremely detailed review of our bills and minimal effort from our staff we were very impressed with the professionalism of SIB's team. We would recommend SIB to any organization that is considering review of this type.
