A family run business based in the San Fernando Valley, Bromley Foods/Ocean View Foods/AmberJack Partners operates 12 Jack in the Box restaurants. We're committed to running our restaurants with the highest level of quality, service and efficiency.

We hired SIB Fixed Cost Reduction to review several expense areas for us, including waste removal, telecom, utilities, restaurant supplies and treasury. In several areas, we were pleased to learn that we were already receiving competitive rates. Because SIB didn't find savings in these areas, we didn't pay a penny.

However, a deep dive into our waste hauling expenses for our 12 stores told a different story. Working with our existing haulers, SIB identified billing errors, helped to optimize service across our locations, and negotiated much better rates for us. They saved us tens of thousands of dollars in just this one spend area.

If you're looking for ways to boost profitability, start with SIB. With zero upfront cost, there is absolutely no risk. Working with SIB was easy and did not take much time for me and my staff. I highly recommend any company take advantage of their service.

Thank you,
