To Whom It May Concern,

On behalf of my company, F and F Food Services, Inc., I would like to strongly recommend SIB Development and their services. SIB reviewed our expenses and found **major savings** that surpassed our expectations completely. We are grateful to SIB for correcting significant billing errors, optimizing our services, and reducing our pricing by such a large margin.

SIB's team proved themselves worthy of their reputation as a skilled and experienced consulting firm, with a history of consistently finding savings for businesses in the quick service restaurant industry.

Sincerely,

Jon Simmons
Director
