November 12, 2013

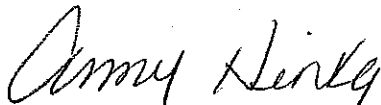

To whom it may concern:

High Plains Pizza, Inc. recently hired SIB Development & Consulting to reduce our fixed monthly costs, and we were very satisfied with the outcome of their work. I am writing to recommend their services to others.

From the beginning of the process, we were very impressed by SIB's careful eye for detail. They were very diligent with their work and their reports contained a clear, easy-to-understand summary of their findings, including detailed numbers on how exactly their savings were achieved and calculated.

As Pizza Hut franchisees, we have a great deal of resources at our disposal to get good vendor services at competitive rates. However, nothing compares to the depth and experience of SIB's team when it comes to a truly well-rounded approach to finding savings. We were glad to have them on our side and we're looking forward to seeing much lower bills as a result. I can gladly offer my recommendation for SIB.

Warmest regards,

Amy Hinkle  
CFO, High Plains Pizza, Inc.
