

Brian D. Vaughn
President

To Whom It May Concern,

Nearly Famous, Inc. (d/b/a Burger King) recently hired SIB Development & Consulting to conduct a review of our fixed monthly costs. Based on our experience, we are a very happy customer. The process was easy, and now we're paying much less on certain fixed cost categories like telecom and waste removal because of SIB's review.

SIB's review was thorough and professional, and they were cooperative with us throughout the process. It was like having a new member of our team whom we could count on to deliver the most expansive and up-to-date industry knowledge on our various vendors and service providers. SIB's recommendations are invaluable, and they have resulted in very tangible benefits to Nearly Famous, Inc.

We look forward to enjoying our savings in the years to come. We would strongly recommend SIB to other Burger King franchisees, or any ownership group operating multiple-location businesses.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Vaughn".
