To whom it may concern:

VTP Enterprises owns and operates 28 Jack-In-The-Box restaurant locations throughout California and Kansas. For more than 60 years, Jack-in-the-Box has delivered innovative menu options, on-the-go convenience and value-priced products. As a multi-location franchisee, it is crucial that we keep our costs under control. As food prices and business expenses continue to rise, our mission is to keep costs to our guests as low as they can be.

We engaged SIB Fixed Cost Reduction to help us lower expenses across a variety of recurring spend areas, including waste removal, telecom, landscaping, property tax and even workers' compensation insurance. SIB's process was simple, straightforward and painless - we provided them with one month of invoices and they worked with our vendors to negotiate our rates.

SIB ended up saving us thousands of dollars per month across several of these categories and we couldn't be happier with the direct, positive impacts to VTP Enterprises' bottom line.

Sincerely,
