

# Absolute Dental

To Whom It May Concern:

Absolute Dental is Nevada's largest branded Dental Service Organization (DSO). We currently have 40 locations throughout the state and are rapidly growing.

Like most groups in our industry, our earnings margins have been negatively impacted in recent years. Since we are in an environment where every dollar counts, we engaged SIB's expertise to help identify cost savings.

SIB's process was quick and efficient, and they achieved savings in a variety of categories including medical supplies, oxygen, and bank fees. On the bank fees specifically, SIB was able to achieve savings of 51%. They conducted their reviews in a professional manner, all without changing vendors or service levels.

Needless to say, we are very pleased with the results of our review. For any company seeking ways to cut expenses, partnering with SIB is a win-win situation.

Sincerely,

Jeff Couper  
Chief Financial Officer
